This cruise offers a more Taiwanese flavor of cruising, with the majority of the guests being from Taiwan. While the Princess Cruises product will be substantially the same as that offered around the world, several modifications have been made to enhance the experience for our guests from Taiwan.

These include, but are not limited to, entertainment acts, lecturers, Chinese-language karaoke, and a variety of local beers and whiskies. Dining room menus may be slightly augmented to cater to Taiwanese tastes. Other offerings such as the shopping selections and spa treatments will also be tailored to Taiwanese preferences. In addition, all standard onboard collateral items and stateroom information will be offered in both Traditional Chinese and English.
